Subject: Decision for [redacted]

Good evening [redacted]

As you are aware, MASH is currently not certifying any properties that are affiliated with Dr. Hunter Foote or his related entities. MASH has determined that the Central Massachusetts Charitable Development Trust ("the Trust") is ineligible to apply for certification as the property owner for purposes of sober home certification at this time. This determination is based on the Trust's affiliation and relationship with Dr. Hunter Foote and/or entities associated with him, including the Vanderburgh Foundation, Inc., which is identified as the beneficiary of the Trust.

Accordingly, MASH will not certify the property located at [redacted] Brockton, if the Trust is listed as the owner on the certification application, regardless of the operator identified. The property will remain ineligible for certification unless and until an application is submitted by a qualified, eligible owner and operator and is approved through MASH's certification process.

MASH remains committed to upholding its certification standards and ensuring that all certified homes operate with integrity, transparency, and in compliance with applicable policies.

Should you have any questions regarding this determination, you may contact me at [redacted] or by phone at [redacted], and ask to speak with Silvia.

Sincerely,
Silvia D. Bodie
