I have already spoken with the operator and plan to speak with city officials today. We will conduct a complete investigation.

Hi Paul,

Thanks for acknowledging the grievance. I wanted to clarify MASH's policy on handling these types of grievances—does MASH investigate/address even if the city is already involved? I've seen information suggesting grievances aren't pursued in those cases (on the form when submitting), but I've also heard otherwise (from MASH reps).

I brought this forward because we've received complaints from guests at the house who mistakenly believed we were affiliated, specifically regarding safety concerns and city-issued letters. Appreciate any clarification you can provide.

Thanks;

VSL
